- ✓ Permanent service

Enjoy holiday

On the water

Plan your boating holiday with Yachtcharter De Drait and discover the beautiful waterways in Friesland, Brandenburg-Berlin or Mecklenburg-Vorpommern.

All our boats have their own unique features and extensive equipment. It is possible to rent a boat for a weekend, a midweek, a week or longer, starting from a Monday or a Friday. If you have any special requests, please contact us to discuss the possibilities. Are you a skipper without any experience in sailing motor yachts, or do you want to get familiar with the boat at first before sailing off? Yachtcharter De Drait provides sailing courses, to ensure a safe and relaxing boating holiday.

Drachten, Woudsend (Friesland / NL)

Friesland offers everything a water sports enthusiast dreams of. The province knows an endless amount of lakes, canals and ditches which are connected with each other. Because of this, our boating area is not only suitable for experienced sailors, but also for the starting boat sailor. Our departure locations in Friesland are Drachten and Woudsend. From both locations it is perfect to discover the Frisian lakes. From page 10 you can read more about the Friesland water sports region.

Brandenburg - Berlin (DE)

With one of our motoryachts or houseboats you can sail around Brandenburg an der Havel and combine nature and culture. The cultural cities are connected by the river Havel.

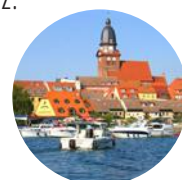

During your sailing tour you will discover the luscious nature reserves of Brandenburg. From page 60 on, you will find more information about this water sports region.

Mecklenburg-Vorpommern (DE)

There is no shortage of water in this region. The hilly scenery with basins, rifts and rivers and many lakes is ideal for water sports. This area lends itself perfectly to discover the nature and water area by motorboat or houseboat. Sailing along small and cozy villages and cities and relaxing in one of the sheltered basins.

Your boating holiday starts in Röbel/Müritz. From page 76 on, you will read more about this water sports region.

Our charter locations

Drachten

Boat show 01/04/23

Location

Marina De Drait Drachten is located in the middle of Friesland. From the A7 motorway, it only takes a few minutes to get to our marina. After check-in, you can park your car next to your rented yacht to bring your luggage on board, after which you can park your car in our fenced car park. One of our instructors will stop by your boat for sailing instructions and advice about sailing routes. If you like, you could do a trial run before departure. Our marina is open all year round for information and advice.

Facilities at Marina De Drait

Watersports supplies shop, free Wi-Fi, Captains Lounge with a waterside terrace (open for drinks, lunch and dinner, and also available as e.g. a meeting room), paid parking at our monitored fenced car park, indoor parking, bicycles for rent, sloop and canoe rental, camper

pitches, sanitary services with toilets and showers, laundry services, drinking water pump, bilge/waste water pump, petrol station, mooring berths for visitors, supermarket at ca. 2 km distance, restaurants in the direct neighbourhood, bus stop at the marina and ca. 4 km distance from the city centre.

Drachten

Drachten has many facilities: shopping streets, restaurants and terraces, a theatre, a museum, art galleries, an indoor swimming pool, petting zoo De Naturij

with a butterfly garden, minigolf and an indoor playground. Also, several events are hosted every year.

Accessibility

By bus (f.e. FLIXBUS); busstop De Wilgen/Jachthaven, **by train** via railway station Heerenveen (direct bus), **Taxi Kijlstra** and **Schipholtaxi.**

Our charter locations

Woudsend

Location

Welcome to our marina in Woudsend!

Upon arrival, we will welcome you in our reception area, where we will offer you a cup of coffee and advise you about sailing routes and interesting places to visit.

Yachtcharter De Drait Woudsend is easily accessible by car and there is plenty of parking space at the marina.

Facilities at

Marina Klompmaker

Marina, trailer ramp, petrol station, sanitary services, drinking water pump, waste water pump and bike rental.

Woudsend

Woudsend is located at the very heart of the Frisian lake area, between Heegermeer and Sloterveer, and the route of the Eleven Cities Tour leads past Woudsend. The historical trading town, with its two windmills, still has the charm of earlier days and is definitely worth visiting.

station Sneek (indirect),
Taxi Bosman and **Schipholtaxi**.

Our charter locations

Brandenburg

Location

Our charter location Brandenburg is located between Berlin and Magdeburg, at the B1 motorway, in district Plaue directly at the Havel bridge. At the marina, electricity and water are available. You can get to the jetty with your car and bring your luggage on board. One of our instructors will stop by your boat for sailing instructions and advice about sailing routes. If you like, you could do a trial run before departure. Our marina is open all year round for information and advice.

Facilities

Bicycle rental, car park (paid parking). Restaurants within walking distance, a supermarket at 1500 metres distance, and a bus stop at 200 metres distance.

Brandenburg an der Havel

Brandenburg an der Havel has a lot

to offer to visitors: a shopping centre, restaurants, bars, theatres, an industrial museum, archaeological museum (Archäologisches Landesmuseum), the historical city hall and swimming pool Marienbad.

Accessibility

By bus: bus stop Kietzstraße, Brandenburg an der Havel.

By train: Brandenburg Hauptbahnhof.

Our charter locations

Röbel

Location

Röbel is located in the Region Mecklenburg-vorPommern and is situated by the largest lake of Germany, the Müritz. At the marina, the car can be parked on the communal Parking (for a fee). After check-in, you can go by car to the jetty to unload your baggage and bring your baggage with the use of one of the luggage trolleys to the boat. Before departure, our colleagues will provide you with instructions on the boat, the sailing area and the sailing routes.

Facilities

Parking for a fee, fish kiosk, sanitary with laundry services, fuel station by the water, extraction of waste water tank, Supermarket in 1,5 km, 3 km to the city centre, snack bar at 600 m. and restaurants within reach of 2 km.

Röbel/Müritz

Röbel is a colorful city with two impressive churches directly situated to the Müritz lake. The well-preserved

medieval centre is cozy with lots of shops, restaurants, cafés and the Müritz Therme. The centre is located approximately 3 kilometers from the marina.

Accessibility

By bus: bus stop Feierabendheim/Hafen, Röbel/Müritz

By train: Waren, Mirow

Anyone can sail our boats

Sailing is for everyone

Did you always dream of being a captain on a motor yacht, but are you lacking sailing experience? Even if you have little sailing experience, it is possible to rent our boats. We will make sure you can sail off feeling confident and relaxed with our yachts. In this section, you will find more information about: renting a boat with or without a boating license in our sailing areas in the Netherlands and Germany, our instructions before take-off and the skipper training.

The Netherlands

All our boats can be sailed without a boating license. In the Netherlands, a boating license is only required for boats with a length over 15 metres or for boats that can sail faster than 20 km/h. If you would like to gain some more experience, you could consider booking our skipper training course. Experience is mandatory for sailing on the IJsselmeer.*

Germany

Also at our locations in Germany; Brandenburg a.d. Havel and Röbel / Müritz, is a boating license not obligatory to rent a boat. In the region Brandenburg, you can drive the 200 kilometre long river the 'Havel' between Brandenburg and Havelberg with our motor-yachts without a boating license. With the Campi 300 you can explore the area from Havelberg up until Potsdam and even Berlin. In Röbel / Müritz in the region Mecklenburg-vorPommern is the complete area between Dömitz, Schwerin, Rheinsberg,

Neustrelitz and Niederifnow accessible without any boat license. Without a boating license, you can go out safely in both areas. However, before departure, it is obligatory to take part in the course for the Charter Schein. With this certificate, you can drive the boat during the rental period over de boat license free areas.

Instructions before sailing off

When you hire a boat with us, we like to provide you with the necessary information before departure. On our website you will find all necessary information, but we also like to help you out personally by planning a nice boating route and by providing tips for your boating trip. Due to the fact that we are watersporters ourselves as well, we know the sailing areas quite well and we know what is important to know for our guests. Before you start your boating holiday, one of our experienced instructors will provide you with information about your boat, and depending

on your sailing experience, also about sailing routes, traffic rules on waterways and also instructions on how to moor and embark.

Easy manoeuvring

Choose the perfect boat that suits your wishes. Our fleet offers for both, starters and experienced skippers, plenty of choices. All our motorboats are equipped with bow thrusters, and many also with stern thrusters, which make the yachts easy to manoeuvre.

Skipper training

Even though our boats are accessible without a boating license, we can imagine that you prefer to go out sailing with the required knowledge and experience. Before departure we offer the possibility to book a skipper training of 1 hour on board of the rented boat. Our skipper will practise several manoeuvres and give explanations about the water map, the sailing area, the naval knots, mooring a boat, sailing away, the weather forecast, etc.

* Ask for the conditions.

Sailing area Northern Netherlands

Ultimate freedom

Friesland is the ultimate watersports province of the Netherlands. Numerous lakes are connected through canals, which in turn lead past picturesque villages and towns. A boat is the ideal means of transportation to discover Friesland. Sailing on the Frisian lakes gives an ultimate feeling of freedom.

The water is different every day. The banks are mostly covered with reed, housing many birds and other animals. You could moor for free in nature, on jetties specially placed for boating tourism. You can cool

down here, by taking a refreshing dip on warm days. Also, you can visit one of the many villages and towns to experience the authentic atmosphere that comes with Frisian culture and history.

In the Frisian towns, you can moor in town centres, but also in one of the many marinas. In addition, Friesland has many mooring places in nature. There is always a berth to be found in close proximity to your chosen destination. In most marinas it is easy to find an available berth. At other marinas, you moor the boat at a jetty and report to the harbour master, who will then assign you a berth.

In high season, it is advisable to inquire about available berths in advance. In many villages and towns, the harbour master stops by in the evening to collect the mooring fee.

In some marinas and town centres it is possible to buy a ticket at a machine.

Bridge operation

Many of the bridges are operated by a local bridge operator. There are only very few bridges you will need to operate yourself. More and more bridges are operated from a central location in Friesland. At these bridges, you can manoeuvre the boat within range of the cameras, or use the button near the bridge to request the bridge to be opened for you.

More information about this can be found at:
yachtcharterdedrait.nl/en/blog/operate-bridges-in-friesland-with-your-mobile-phone.

Ideal sailing area for beginners

Friesland is the ideal sailing area for the advanced skipper. You will not be bothered by currents and the locks located in inland waterways are often no longer used, or only closed when the water level is extremely high.

The Eleven Cities Tour

The “Eleven Cities Tour” is characteristic of Friesland. This tour is organised annually, if the ice is thick enough. After tying the skates, thousands of participants take up the challenge to skate this “tour of tours”, which leads past all eleven official cities in Friesland. In summer, the eleven cities can be reached by boat.

Because some bridges are too low, it is not possible to sail the exact route of the original Eleven Cities Tour, but all cities are accessible by boat. In 2018, a unique fountain was built in each city. Are you up for the challenge of seeing them all?

For the experienced skipper

Friesland has a lot to offer experienced skippers. With our larger motor yachts, you can sail smoothly on the IJsselmeer or even the Wadden Sea. This creates a world of possibilities. For example, go shopping in one of the towns and cities located directly at the IJsselmeer, such as Lelystad, Amsterdam, Almere or Enkhuizen.

Prefer to stay closer? Then the watersports resorts of Hindeloopen, Workum and Makkum can easily be reached

“ Friesland is the ideal sailing area for the novice skipper. This way you are not bothered by currents and there are no locks when sailing on inland waterways. ”

via the IJsselmeer. Or why not sail up the Wadden Sea via the Afsluitdijk (Kornwerderzand) or Harlingen, and discover the diversity of flora and fauna in this unique nature reserve? If you want to sail on the IJsselmeer or the Wadden Sea, it is important to book the charter package, consisting of relevant water charts and navigation equipment. You also need to have life jackets on board, and you need to have a navigation licence and boating experience.

Boating holiday with children

A boating holiday is also a great experience for children. Discover the adventure island of the skippers of the Kameleon for example, in Terherne. The Nature Museum in Leeuwarden and Woudagemaal in Lemmer are also nice places to visit. The boat is the perfect place for a card or board game in the evenings.

Things to do

Friesland is the ideal starting point for a boating holiday in the Northern Netherlands. In the north, there are several nature reserves, which are easily accessible by boat. Friesland is a paradise for lovers of nature, but also for lovers of shopping, art and culture, Friesland has a lot to offer. Its many museums, special traditions and its own language and culture, make Friesland a place worth visiting.

Marrekríte

A special feature of Friesland is the possibility to moor in the middle of nature for a maximum of three days. Marrekríte offers more than 3500 berths, spread over 300 locations.

These places are ideal for stretching your legs, relaxing and spending the night. Visitors can moor here for free. These berths do not have electricity, water and toilet facilities.

Lauwersmeer National Park

Lauwersmeer National Park is a perfect destination for animal lovers. This unique area on the Wadden Sea is a true bird paradise. There are also some larger animal species, such as Highland cattle and Konik horses. These natural grazers help preserve this unique landscape.

National Park De Alde Feanen

The beautiful National Park De Alde Feanen is only an hour by boat from our marina. Here you can relax and unwind. This nature reserve has many faces.

It consists of large lakes, reed beds, grasslands and even a swamp forest. Because of this diversity, there are many different plant and animal species in this area. The area is perfect to explore by boat, but also by bicycle or on foot.

11fountains

Every year, many Dutch people think of the Eleven Cities Tour, and the famous words: "it giet oan" ("it's going to happen"). Ice skating fanatics have waited for many years for the Frisian waters to freeze over again, and that the "tour of tours" can take place once more. Since 2018, there is also an alternative to the Eleven Cities Tour available. This tour is not about ice, but about fountains.

Eleven artists from all over the world have each designed a unique fountain, which in turn represent the cities and their history in their own unique way.

National Park Weerribben

If you consider making a longer tour, you could visit National Park Weerribben-Wieden. This nature reserve is the biggest forested wetland (swamp) of northwest Europe and its flora and fauna is very diverse.

The area can be explored perfectly by bike, or with a canoe or dinghy.

Things to do

Sloten, Balk and Woudsend

Directly located at the Slotermeer you will find the smallest city of the Frisian eleven cities, Sloten, but also the towns Woudsend and Balk. You could visit these towns and also relax in nature; everything is close at hand in this very versatile area. This area is well known among water sports enthusiasts for its accessibility and many waterways, as it is possible to sail from Sloten to Lemmer for example, or from Woudsend to Heegermeer.

Leeuwarden

The capital of Friesland is one of the oldest cities of the northern Netherlands and the biggest of the eleven cities of Friesland. In 2018, it was the European capital of culture. Leeuwarden's historical town centre has 617 buildings which are listed national heritage sites, and an extensive range of shops in at least 4 shopping streets. There is a weekly market every Friday. The Oldehove is the city's well known leaning church tower. It is located in the heart of the city centre, and it is possible for visitors to climb its staircases to enjoy the impressive view over the city. With your boat, you can moon in the Prinsentuin, a beautiful park in the city centre.

Lemmer

This old fisherman's village, surrounded by water, is also known as 'the gate of Friesland'. Reason for this is the old sealock which forms the connection between the sea and the Frisian inland waterways. Unique are the mooring places in the city centre. Besides, Lemmer has several marinas. Make a walk through the centre along the historical premises and unique shops. Afterwards you can take a seat on one of the terraces to watch the passing boats. Also the beach or the 'Woudagemaal', the only still working steam-powered pumping station in the whole world, is worth paying a visit.

Sneek

Sneek is known as the water sports capital of Friesland, making it a must visit for every water sports enthusiast. Sneek has beautiful canals and historical buildings, such as the 17th century Waterpoort.

Also, Sneek hosts the biggest sailing event on European inland waters: Sneekweek. On Tuesday and Saturday there is a market along the canals. You could visit one of the many attractions the city has to offer, such as the Scheepvaartmuseum (maritime museum), or you could go shopping in the city centre. In Sneek, it is possible to sail into the city centre with your boat.

Bolsward

Bolsward is a beautiful old town, originally founded on three “terps” (artificial dwelling mounds).

The historical town centre has many listed national heritage sites, like the St Martin's Church, Friesland's most significant listed monument built in gothic style. Your boat can be moored in the charming town centre, where many restaurants, terraces and traditional shops can be found.

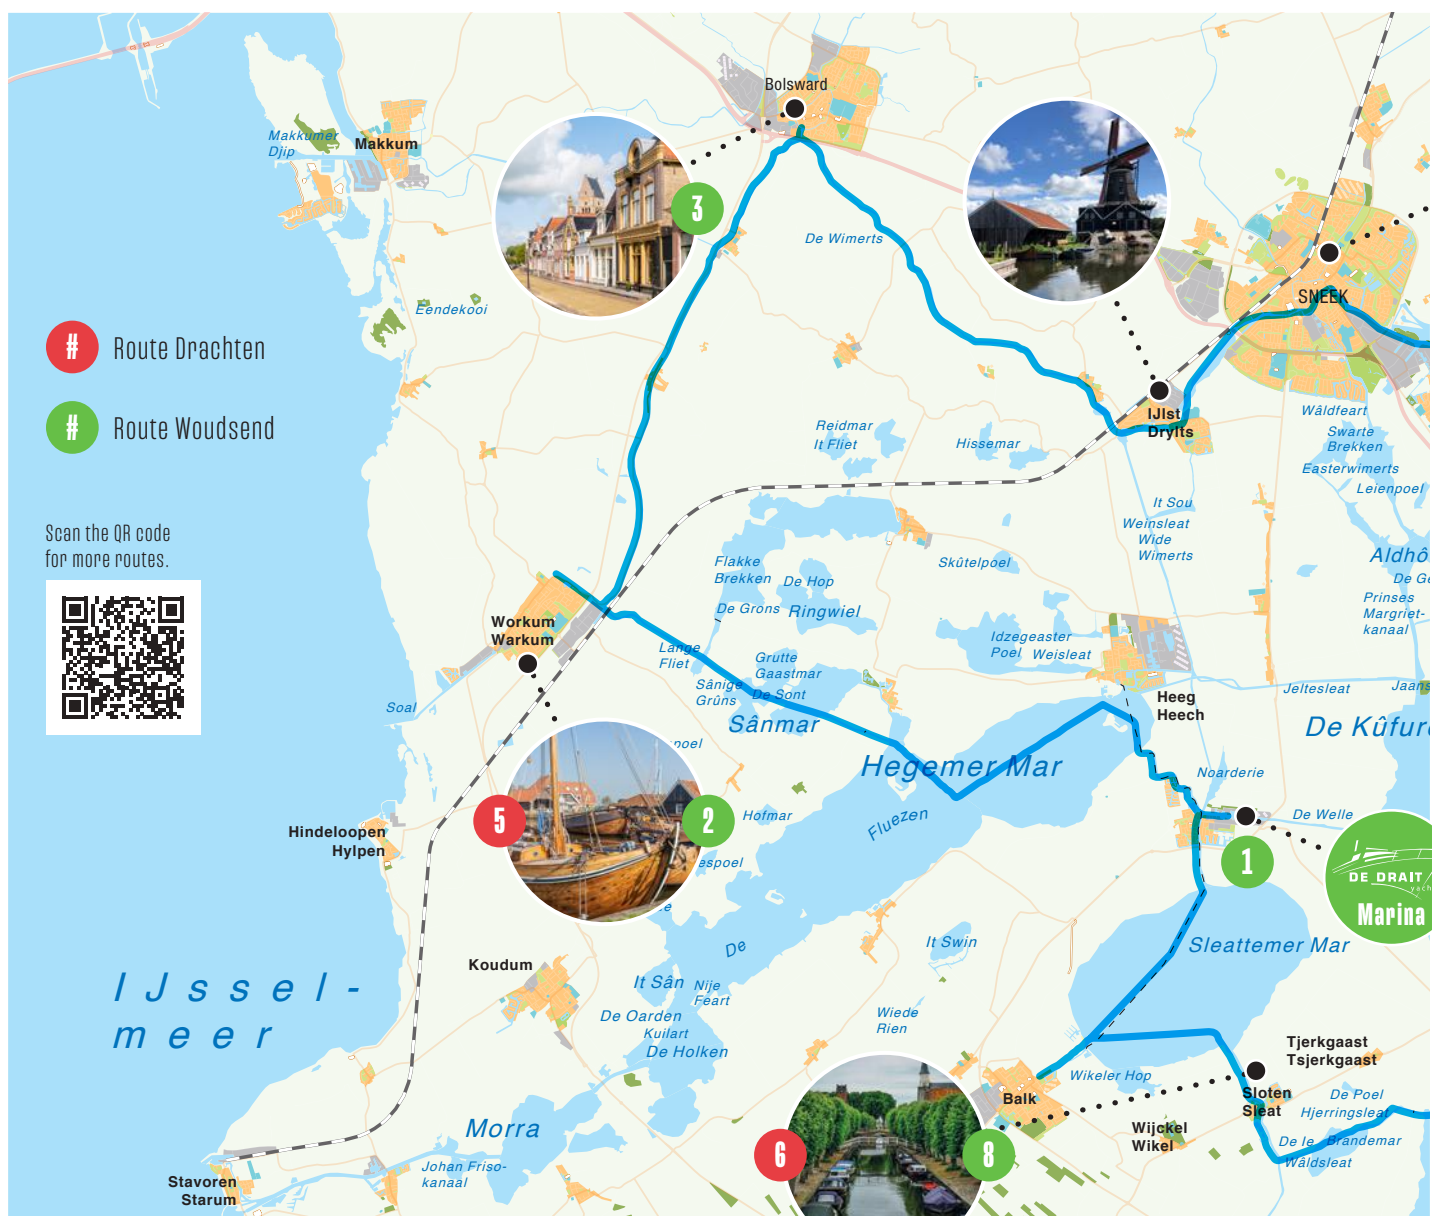

Dokkum

Dokkum is known as a fortified city, the city of Bonifatius and as the turning-point of the Eleven Cities Tour. Dokkum used to be a flourishing trade centre and it has a beautiful city centre, where many shops can be found, and also many historical buildings. The city used to be protected by curtain walls and bastions. These fortifications are still intact. The Dokkumer Ee, a tow-canal, runs through Dokkum. It used to be an important canal for shipping purposes. Nowadays, it is the most important waterway connection between Leeuwarden and Lauwersmeer. In Dokkum, it is possible to moor your boat in the city centre.

Week Route through Friesland

Allround Fryslân

Friesland, Fryslân in Frisian, is a multi-faceted province where culture and nature vary between each other. Friesland is different from the rest of the Provinces of the Netherlands since it has its own language and identity. Friesland has a long history in the battle against the water, which resulted in Friesland being a genuine 'watersports province'. With the generous opening times of the bridges and only a few water locks, Friesland is easy to access over the water and ideal for the beginning skipper. Moreover, a boat license is not necessary for sailing over the Dutch inland waterways with a boat from our fleet.

The times are an indication and can be slightly different. Plan your route always according to the current water map. For our sloop boats, Campi Houseboats and BunBo's we offer a different but suiting boating route. The moorings are an indication. Consult the wateralmanak and the water map for all the moorings in the area of your destination.

Route from Drachten

- Day 1:** Drachten > Ernewoude (⌚ approx. 1.15 hours)
 📍 Marrekrite mooring place in the Alde Feanen, Marina Westerdijk or Piet Miedemaweg.
- Day 2:** Ernewoude > Leeuwarden (⌚ approx. 3.30 hours)
 📍 Prinsentuin or Marina Leeuwarden
- Day 3:** Leeuwarden > Sneek (⌚ approx. 5.30 hours), Stopover: Grou
 📍 Houkesloot, Marina de Domp or Centre Sneek
- Day 4:** Sneek > Workum (⌚ approx. 5 hours), Stopover: IJlst,
 Mill de Rat and Bolsward municipal marina (possible to stay overnight)
 📍 Mooring: Trekwei, the marinas in Workum or Marrekrite mooring place around Workum/Heeg
- Day 5:** Workum > Sloten (⌚ 2.45 hours),
 Balk passenger marina (possible to stay overnight)
 📍 Rûnwei, Marina Lemsterpoort or Marrekrite mooring place around Sloten
- Day 6:** Sloten > Joure, poss. over the Tjeukemeer (⌚ 4 hours)
 📍 Passenger Marina Joure or Marrekrite mooring place outside of Joure
- Day 7:** Joure > Veenhoop or Drachten (poss. over Akkrum) (⌚ 4.30 hours)
 📍 Marrekrite mooring place around de Veenhoop
- Day 8:** Veenhoop > Drachten (⌚ 1 hours)

Week Route through Friesland *Allround Fryslân*

Ideal for starters

This route through Friesland is ideal for starters to get to know the province of Friesland. The route is suitable for Motor yachts, Cutter yachts, Safari Houseboats, Doerak boats and the Sloop Cabins. Do you want to adjust the route to your preferences? The route is easily adjustable to your wishes. Ask our colleagues upon departure for any tips.

Regional products

Discover the unique regional products of Friesland. Besides the large amount of waterways through the province, Friesland is also familiar with a large variety of agriculture. During your boat trip, you can't miss the opportunity to try the well-known Frisian products, such as: sugar bread, Frisian cheeses, oranjekoek, Frisian sausage, Frisian dúmkjes (cookies), Frisian beer, Frisian mustard or the Frisian herbal bitter, which is called 'Berenburg'. Did you know that we also create a route which offers the possibility to discover different regional products in every city or village?

Shopping

Mostly the bigger places, such as Joure, Lemmer, Bolsward and Sneek, offer the possibility to do some shopping. Whether you are looking for some new clothes, Frisian products or some nice souvenirs as a keepsake to your boating holiday, there is a big chance that you will find everything you need in these city centres.

Route from Woudsend

Day 1: Woudsend > Workum (⌚ approx. 2 hours)

📍 Mooring: Trekwei, the marinas in Workum or Marrekrite mooring place around Workum/Heeg

Day 2: Workum > Bolsward (⌚ approx. 2.15 hours)

📍 Bolsward municipal marina

Day 3: Bolsward > Sneek (⌚ approx. 3.15 hours), Stopover: IJlst, Mill de Rat

📍 Mooring: Houkesloot, Marina de Domp or Centre Sneek

Day 4: Sneek > Leeuwarden (⌚ approx. 5.30 hours),
Stopover: Terherne, Grou

📍 Mooring: Prinsentuin or Marina Leeuwarden

Day 5: Leeuwarden > Eernewoude (⌚ 3.30 hours),

📍 Mooring: Marrekrite mooring place in the Alde Feanen, Marina Westerdijk or Piet Miedemaweg

Day 6: Eernewoude > Joure (⌚ 4.30 hours) Stopover: Akkrum, Terherne

📍 Mooring: Passenger Marina Joure or Marrekrite mooring place outside of Joure

Day 7: Joure > Sloten poss. over the Tjeukemeer (⌚ 4 hours)

📍 Mooring: Rûnwei, Marina Lemsterpoort or Marrekrite mooring place around Sloten

Day 8: Sloten / Balk > Woudsend (⌚ 1 hours)

Dining

In every mooring place there are lots of possibilities to get something to eat. Take a seat inside one of the restaurants or on the terrace for a delicious lunch, bite or dinner.

Plan your own route

Do you want to discover Friesland by yourself and create your own route? That's possible! You can use our water map to create your route through Friesland. You can order the water map via our website. Depending on the depth of the water and the height of the bridges, you can create your own tour through Friesland. You can easily add new destinations. More routes and ideas can be found on our website.

Rent a boat: *How it works ...*

Step 1 Choose the location

Friesland: Drachten or Woudsend

Duitsland: Brandenburg or Röbel

Step 2 Choose a boat

Choose a boat which fits your wishes: Family, friends or couples.

Luxurious yachts or budget boats.

Step 3 Make a reservation (contact@dedrait.com, +31 (0)512 513 276)

Besides online booking, it is also possible to send an Email or to call us to make a booking. If desired, it is possible to send several offers or we create an option for you on one of our boats.

Step 4 Preparation

Before departure we will send you an Email with all needed information about your boating holiday. Besides, you can prepare yourself at home by checking the routes and sailing rules of the selected area. Need any extras on board? Order extras beforehand. Little or no experience? We are happy to provide you with a skipper training.

Step 5 Check-In

Check in at our reception. Here we will provide you with any last information and we will inform you where the boat is. Is the boat ready for take off? Then you can start loading your luggage on the boat. Our instructor will drop by to give an instruction.

Step 6 The holiday

Enjoying the beautiful nature, destinations, routes and atmosphere on the water. Do you have any questions or technical malfunctioning during your trip? You can reach out to us by phone.

Step 7 Check-out

Back in our marina? Unfortunately, your boating holiday has come to an end. Report yourself at the marina office for the check-out or you can check-out by phone. Thank you for your visit! We hope you enjoyed your boating holiday.

Marina De

Have you already visited our **'Captains Lounge'**? This is our newly created restaurant and is situated at our marina. Pay a visit to our Brasserie for a cup of coffee with a pastry, a tasty lunch, a social drink or a delicious diner.

In Drachten, Yachtcharter De Drait's yachts are rented out from our own marina. It is located in the very heart of Friesland, near the A7 motorway, which connects the central-western Netherlands and Amsterdam with northern Germany. The marina has many modern facilities, such as a shipyard, where our very own Drait Yachts are built and maintained.

Drait

At the marina, you can also find a petrol station, sloop rental, a shop, the cosy Captains Lounge with a waterside terrace, and more. For boat owners the Drait has many open and indoor berths available. Because of the

open waterway, it is possible to sail all year round from marina De Drait.

Completely renewed marina

Marina de Drait is very spacious, covering over 11 hectares.

This makes it easy to sail in and out of the berths, and also there is extra space between berths, which means there is a lot of privacy. The new marina has aluminium floating jetties, which are very stable and adapt to the water level.

The jetties are made out of maintenance-free, sustainable composite material, with an anti-slip layer. This ensures safety on rainy days and in winter. The main jetties are 2 metres wide, and the sides of the jetties vary in width from 0.75 metres to 1.25 metres. Every main jetty has its own secured gate, and there is a fence with electric entrance gates around the marina.

Berths

Marina De Drait has 500 open berths, but there are also 20 berths in boathouses and 50 more indoor berths. In winter, Marina De Drait provides winter storage for over 300 boats. In 2017, the wooden boathouses were refurbished. These boathouses are ideal for sloops and small motor and sailing boats.

Shipyard and services

In Drachten, the charter yachts and boats are maintained at our own shipyard. The shipyard is also open for maintenance and repair of privately owned yachts. Our dock is suitable for working on boats with a length up to 20 metres.

Facilities at marina De Drait

- ✓ 2 sanitary blocks with toilets and showers
- ✓ laundry services, with washing machine and dryer
- ✓ Bilge pump
- ✓ Petrol station with GTL and Super 98 petrol
- ✓ Watersports supplies shop
- ✓ Shipyard
- ✓ Multiple locations for wastewater extraction
- ✓ Yacht service: maintenance, repair and installation work
- ✓ 30 tonnes boat crane
- ✓ 50 tonnes trailer
- ✓ Winter storage; indoor, outdoor and in boathouses
- ✓ Gas depot
- ✓ Marina office
- ✓ Captains Lounge
- ✓ Several terraces
- ✓ 50 berths for visitors
- ✓ Houseboat pier
- ✓ Concrete pathway around the marina
- ✓ Fenced car park
- ✓ LED-lighting
- ✓ Berths are equipped with electricity and kWh metres
- ✓ Charter boulevard
- ✓ Water hose reels on the main jetties
- ✓ Water sports: sloops, sailing boats and canoes for rent
- ✓ Bicycles for rent
- ✓ Pitches for campers
- ✓ Free Wi-Fi

We also have a department which focuses on ship carpentry and yacht painting, and we can also be of service in the entire process of taking care of damaged ships. Our exclusive own line of yachts, Drait Yachts, is also built, sold and maintained at our shipyard.

Yacht brokerage

Are you looking to sell your boat or are you interested in buying a boat? We regularly offer used boats for sale. Further information and current offers can be found on our website: **draityachts.nl/en**

Camper pitches

At Marina De Drait are also campsites available for campers. It is possible to camp at the end of our charter boulevard, or to find a spot on one of the more greener terrains. From either of the pitches you have a view over the water. For more information visit our website: **jachthavendedrait.nl/en**

Investing in houseboats

Do you want to invest in a clear product and do you have affinity with the leisure market and watersports? Then consider investing in a houseboat to rent out at one of Yachtcharter de Drait's charter locations in the Netherlands or Germany. You can work together with an experienced partner who can fully unburden you from the charter process and simply add your boat to the charter fleet.

The houseboat market is growing rapidly at the moment. Do you want to invest in a new or used houseboat? Check the offers and discover the possibilities on **draityachts.nl/en**. Or contact us for a preview or interview without any further obligations.

OUR FLEET DRACHTEN, FRIESLAND

Royal Cruisers

Comfortable, luxurious and fully equipped

These yachts are luxuriously furnished and very comfortable. A majestic yacht, which fulfils all your wishes. Very suitable for a longer stay on the water.

Performance Cruisers

Comfortable, with excellent sailing characteristics

Easy to manoeuvre because of its excellent sailing characteristics. These comfortable yachts are suitable for a longer stay on the water.

Comfort Cruisers

Comfortable, practical, well equipped

These yachts are practically furnished, both inside and outside. The air draft is low to average.

Houseboats

A homely feel on the water

Houseboats combine sailing with a comfortable, homely atmosphere. The spacious lounge with kitchen, the bathroom and extensive equipment ensure a pleasant, homely stay on board.

Budget Cruisers

Perfect for beginners, with a low air draft

Both comfortable and affordable, and fully equipped. Our budget cruisers are easy to manoeuvre and have a low air draft.

Day Cruisers

For day trips, weekends or midweeks

These comfortable boats, with a low air draft, are fitted with the most necessary equipment on board and are ideal for day trips, midweeks or a weekend on board.

Royal Cruisers

~ Comfortable and luxurious

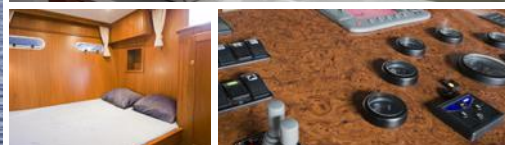

~ Suitable for several groups

~ Excellent sailing characteristics

COMFORTABLE, LUXURIOUS AND FULLY EQUIPPED

These extensively equipped yachts are great to explore the Frisian lakes, but also perfect to explore even the bigger waters, like IJsselmeer and even the Wadden Sea. These luxurious motor yachts have a generator, which means that you can moor wherever you wish, even if there is no electricity available at the berth. Because there is a bench and an extended tent on board, you can even sail comfortably in colder weather in e.g. spring or autumn.

Campi
HOUSEBOATS

~ Comfortable

~ Solar panels

~ Homely atmosphere

HOMELY ATMOSPHERE ON THE WATER

With our houseboats, you can have an amazing boating holiday, but in a homely atmosphere. These fully-equipped boats have a spacious lounge, and a comfortable bathroom. Houseboats are ideal to calmly explore the Frisian waters and to moor at the most beautiful locations in nature.

A unique experience!

With our Campi Houseboats, you can enjoy your boating holiday in a different way. The Campis are made out of durable materials, making them environmentally friendlier than classic houseboats, and because of the solar panels on the roof, they are also nearly self-sufficient.

A Campi Houseboat is ideal for mooring in a rural area or at a mooring place in nature, but it is also suitable for a sailing tour through towns and villages. Because of the large windows in the lounge, the natural light in the houseboat is very pleasant. The lounge is equipped with a tv, steerstand and an open kitchen. In the back there are one or multiple cabins with a double bed or bunk bed and a bathroom and (separate) toilet. The stairs on the aft deck lead to a rooftop terrace, with comfortable, inviting lounge furniture. The couch in the living room can be converted into an extra double bed. Because they are well insulated, Campi Houseboats can be sailed all year round.

Sailing a BunBo

Our Bunbo houseboats are perfect for mooring in nature, taking in the pure beauty of your surroundings whilst enjoying the comfort of a houseboat. Bunbo's are ideal for exploring National Park de Alde Feanen. For inexperienced skippers, a skipper training is recommended.

More experienced BunBo captains could sail routes to Terherne, Akkrum and the Frisian lakes. For beginners, it is recommended to sail to National Park de Alde Feanen or Grou. If you would like to do more sailing and explore the Frisian lakes, a motor yacht with a bow and stern thruster could be a more suitable option for you.

Budget Cruisers

~ Comfortable and affordable

~ Low air draft

~ Fully equipped

PERFECT FOR BEGINNERS

Our Budget Cruisers are both comfortable and affordable, and ideal for beginners. Because of their low air draft, Budget Cruisers enable you to explore Friesland in a way a bigger yacht could not. Despite being built in the 1970s, our Budget Cruisers have a bathroom on board, a kitchen with a refrigerator, heating and also a bow thruster, a toilet and a waste water tank.

Discover unique places, *Day tour*

Have you always wanted to sail by yourself, but is sailing a motor yacht a bit too much of a challenge? Why not consider renting a DrachtsterSloep, and enjoy a day on the Frisian waters. These motor boats are available for rent for one or more days, and because of their size they are easy to manoeuvre and you can go to places you could not go with a bigger boat or yacht. On the map below we mapped out our favourite day tour.

in Friesland

This route crosses National Park de Alde Feanen and leads past Grou, where you could stop for a delicious lunch.

Explore National Park De Alde Feanen

National Park De Alde Feanen is very close to our marina. This nature reserve, which covers ca. 4000 hectares, can be explored perfectly by boat. With a DrachtsterSloep you can explore even the smaller canals in this beautiful area.

There are many suitable spots to moor the boat; perfect to stretch your legs, to go for a swim or for enjoying a picnic.

Lunch or a snack in Grou

Fancy a bite, or do you want to grab lunch during your tour? Why not moor the boat in Grou, and visit one of the waterside terraces! At restaurant Theehuis in Grou you can enjoy a delicious lunch or a cup of coffee with a lovely view over Pikmeer, where many boats sail by.

Visit our website or scan the QR code for more ideas and sailing routes, or order De Drait's water map of Friesland to plan your trip.

De Drait

and Klompmaker Cutter Yachts

Yachtcharter de Drait is renting fifteen luxurious motor- and Cutter Yachts for an unforgettable boating holiday from the charter Location in Woudsend. Woudsend is located centrally in the Frisian lakeland. Get on board and discover the

water sports places Balk, Heeg and Lemmer. Or drive by a couple of the Eleven cities from Friesland, such as Workum, Bolsward and Sloten. A longer boating trip can be made to National Park De Weerribben or Amsterdam.

Our motor- and cutter yachts are fully equipped, which makes it easy to stay in nature for a night as well. Besides the rental location, De Drait in Woudsend also owns a shipyard for service, maintenance, repair and shipbuilding.

OUR FLEET WOUDSEND, FRIESLAND

Brandenburg Region

Nature reserves and bustling Berlin

The Brandenburg area is loved by many water sport enthusiasts. There are beautiful nature reserves and many lakes, but also numerous villages and cities rich with culture. The impressive landscape is characterised by the Havel river, which flows through the area and connects the lakes with one another.

Your boating holiday starts in Brandenburg an der Havel, a city which has developed into a tourist attraction. Brandenburg an der Havel is located directly at the Havel river, which is an important channel for commercial shipping in the area between Potsdam and the Elbe river in Havelberg.

Berlin, the German capital, is situated only 70 kilometres east of Brandenburg an der Havel. One third of the Brandenburg area is covered in forest and nature reserves, which makes it a

perfect destination for lovers of nature. The Brandenburg area has the most lakes, rivers and canals in the country, making it a true paradise for water sports enthusiasts.

There is lots to do in Brandenburg. You can moor your boat in picturesque villages, towns and cities, visit events and do activities, but you can also enjoy the peace and quiet in nature. Simply let the waterways take you to surprising locations and enjoy what this versatile area has to offer.

On the next couple of pages, you can read more about the Brandenburg-Berlin area, the city of Potsdam, the German capital Berlin, Westhavelland Nature Park and other sights.

On pages 72 and 73, you will find interesting sailing routes. One of these sailing routes can also be sailed if you do not have a navigation licence. An overview of our fleet in Brandenburg-Berlin can be found from page 64 onwards.

“ Did you know that the city centre of Berlin can be reached by boat? ”

BRANDENBURG  ... Berlin

Potsdam

If you have planned a weekend or midweek of sailing, Potsdam is an excellent place to visit. In the city centre are many marinas and sights worth visiting.

Consider visiting “Schloss Sanssouci” for example, one of the most famous palaces in Brandenburg. It was built in the eighteenth century, in Rococo style: an exceptionally ornamental and theatrical style of architecture. The palace was completed with beautiful gardens, vineyards and terraces.

The Dutch district, “Holländisches Viertel”, was designed by architect Jan Bouwhuis in the eighteenth century. In the appealing main street of Potsdam you will find many restaurants, cafes and shops.

Berlin

Since 1990, Berlin has developed into a modern city, rich with culture. Visit for example the Fernsehturm, a famous eye-catching television tower in central Berlin, or the Reichstag, a historic building which houses the Bundestag, the lower house of Germany's parliament. From its big glass dome you can enjoy an impressive view of Berlin. Brandenburg Gate, which became the symbol of freedom and the reunification of Germany, was built on the site of a former city gate. It has become one of the most famous landmarks in Berlin. The former crossing point between East Berlin and West Berlin, Checkpoint Charlie in Friedrichstraße, was once for foreigners the only possibility to travel between East and West Berlin. Checkpoint Charlie is now a tourist attraction in the centre of Berlin.

Westhavelland Nature Park

This beautiful nature reserve can be reached via the licence-free sailing route between Brandenburg and Havelberg. The Havel river flows through this beautiful area, where many forests and lakes can be found.

Westhavelland nature park covers an area of 1,315 square kilometres, making it the biggest nature reserve in Brandenburg and the biggest wetland area in western Central Europe. The area is a sanctuary for many birds, like swans, ducks, geese and also wading birds, which wade to forage for food in the mud or sand. The ruff, a wading bird species of which the populations have dropped in numbers significantly, can also be found in Westhavelland Nature Park.

Things to see and do

There is lots to do in Brandenburg. There are several theatres and museums you can visit, and Brandenburg also hosts many annual events like Havelfest, Plauer Fischerjakobi, Baumblütenfest, Fährfest and Türmetag.

Brandenburg has quite some beaches, often with playgrounds, like Strandbad an der Massowburg, Grillendam, Malge and Wendseeufer; excellent choices if there are also children among your crew.

Animal lovers could visit Berliner Zoo, the oldest zoo in Germany. And if you are looking for a bit more action: Filmpark Babelsberg in Potsdam ensures a day filled with action, fun and entertainment.

OUR FLEET BRANDENBURG, GERMANY

Royal Cruisers

Timeless elegance

These yachts are comfortable and luxurious. Because of their great sailing characteristics, Royal Cruisers are a perfect choice for exploring the Brandenburg area.

Performance Cruisers

A boating holiday in Branden

Naturally

The Brandenburg area is a popular destination among water sports enthusiasts. A boating license is not strictly necessary to rent a boat or yacht with us in Brandenburg. There are several possible sailing routes in the area, of which one can also be sailed if you do not have a boating license. With our Campi Houseboats 300, you can sail from Havelberg via Potsdam until Berlin without a boating license.

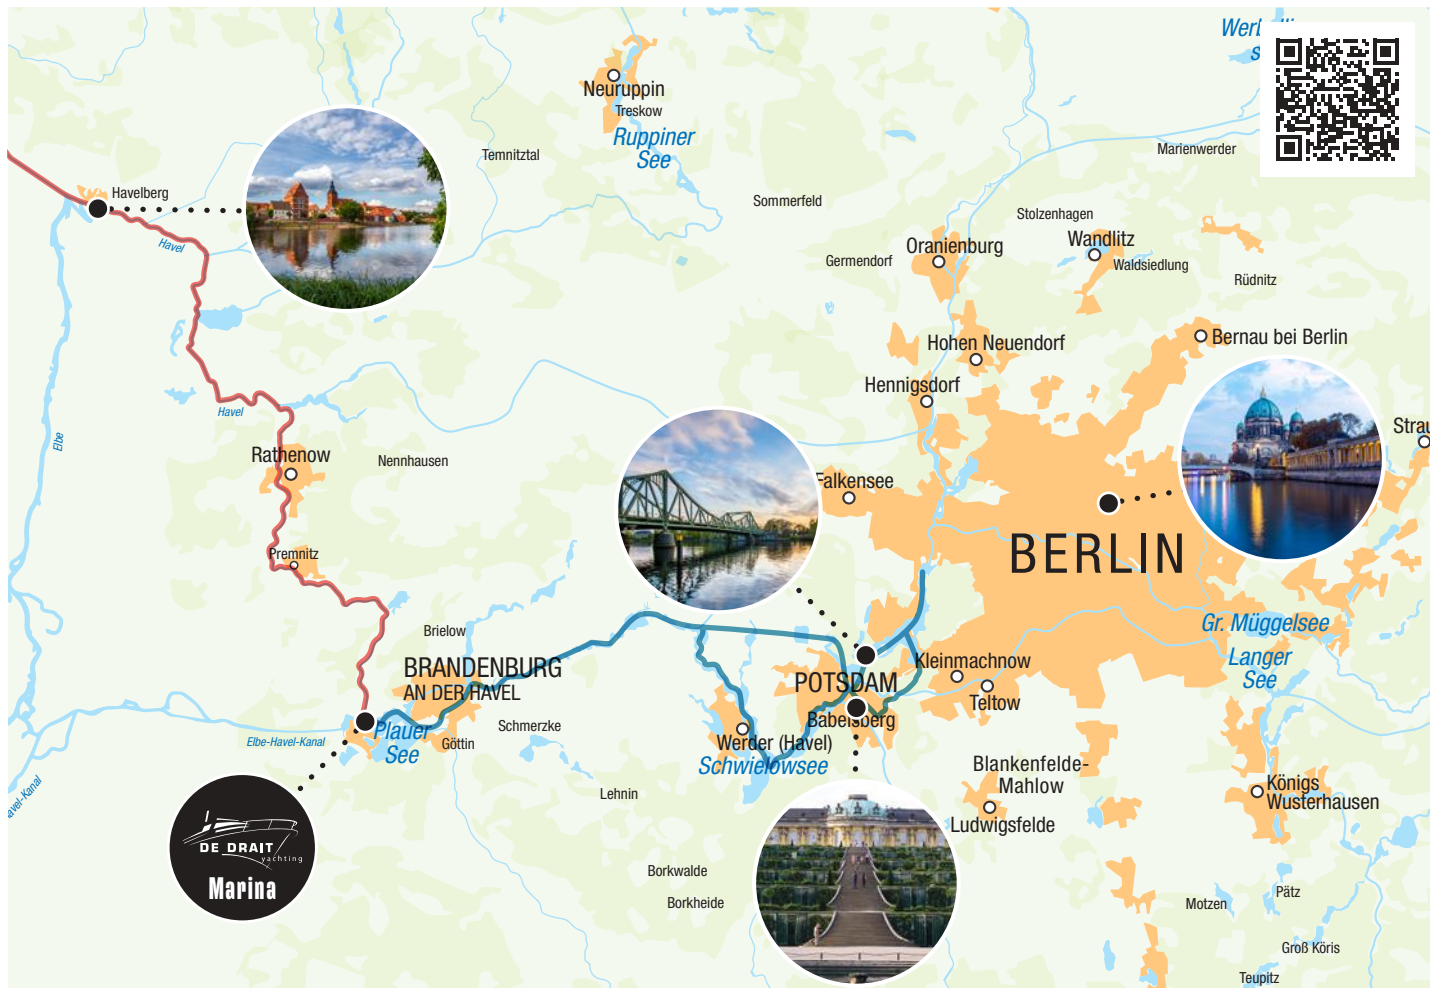

Our marina is located directly at the Havel river. A part of the Havel river can be sailed without a boating license. This map shows two routes for motorboats. For the red route, you need the Charter Schein. With our Campi Houseboats, it is possible to sail and discover both the red and the blue route without a boating license but with the Charter Schein. This certificate can be obtained after completing a training on board your rented yacht, and is valid for your boating holiday. The red route goes over the Havel river, which flows through nature and has lots of branches. Here you could go swimming, fishing or you could opt for a relaxing walk or bicycle ride.

Are you sailing for a weekend or midweek? The Potsdam-Berlin sailing route would then be a good option, as it offers an interesting combination of both nature and culture.

burg: Wonderful *Brandenburg*

Red route = without a license (charter certificate), **Blue route** = license required

Scan the QR code for more routes.

Map out your own sailing route

Have a look at the famous palaces and gardens in Potsdam, and sail through the Potsdamer 'Wald- und Havel Seengebiet', with its many lakes, forests, meadows and pastures. If you would like to sail longer than a weekend or midweek, you could add Berlin as a destination to your sailing route, for a unique cultural experience.

On our website you can find a total of seven routes for this sailing area. In the area Brandenburg-Berlin are many possibilities for planning a sailing route. You can easily add destinations to your itinerary.

Visit our website (scan the QR code above) for more routes, information and places to visit.

HOUSEBOATS

~ Comfortable

~ Self-sufficient

~ Homely atmosphere

HOMELY ATMOSPHERE AT THE WATER

With our houseboats, you can have an amazing boating holiday, but in a homely atmosphere. These fully-equipped boats have a spacious lounge, and a comfortable bathroom. Houseboats are ideal to calmly explore the waters of Brandenburg-Berlin and to moor at the most beautiful locations in nature.

A unique experience!

With our Campi Houseboats, you can enjoy your boating holiday in a different way. The Campis are made of durable materials, making them environmentally friendlier than classic houseboats, and because of the solar panels on the roof, they are also nearly self-sufficient.

A Campi Houseboat is ideal for mooring in a rural area or at a mooring place in nature, but it is also suitable for a sailing tour through towns and villages. Because of the large windows in the lounge, the natural light in the houseboat is very pleasant. The room is equipped with a TV, steering position and an open kitchen. In the back there are one or multiple cabins with a double bed or bunk bed and a bathroom and (separate) toilet. The stairs on the aft deck lead to a rooftop terrace with comfortable inviting lounge furniture. The couch in the living room can be converted into an extra double bed. Because they are well insulated, Campi Houseboats can be sailed all year round.

Mecklenburg-Vorpommern

Land of thousand

With over 1000 lakes the country is inviting itself to be discovered. Mecklenburg-Vorpommern is the ideal location to spend your holiday, for both nature and water sports lovers. The Northern German region, approximately 150 kilometers north of Berlin, is therefore also known as a true water sports paradise. While being on the water, you will not only find tranquility and relaxation, but it is also the ideal destination for the lovers of nature who like to walk, cycle and swim.

lakes

The boating holiday starts in Röbel, situated on the west bank of the biggest inland lake of Germany, the Müritz. This typical Mecklenburger farmer's city has developed itself into a seaside resort. With coloured timbered houses and two imposing church towers, Röbel is a very charming and romantic city. Start your unique boating tour right here, without the need of having a boating license.

The hilly landscape in Mecklenburg-Vorpommern with basins, rifts, rivers and lakes lends itself perfectly for the watersport. The lakes are all connected with each other through various waterways, which makes it possible to make a unique boating tour through this area. Sail the rivers and discover the many branches of it. During the day it is possible to anchor in order to go fishing or to take a dive in the cooling water of the Müritz lake. Thereafter, you can sail to one of the marinas in one of the cozy villages to stay overnight.

Besides the nature lovers, also culture and history lovers can indulge themselves in this area. Ancient castles, gorgeous manors and picturesque villages, where the old crafts come back to live, can also be found in this region.

Trips

From Röbel you can reach the City Waren by boat within 2 hours. On the way by boat with children? Pay a visit to the Müritzeum, a big freshwater aquarium with native fish species. Also the Bärenwald in Stuer and the Monkey

park with summer toboggan track in Malchow are definitely worth paying a visit. Do you want to spend a day at the beach? Near the Müritz lake and the surrounding rivers, there are multiple beaches. In the village Mueß near Schwerin you will find an open air museum with seventeen fully furnished ancient cottages. In this museum you will find more information about the local life in Schwerin-Mueß in the eighteenth century.

Besides the sightseeing attractions, also diverse events take place in this region. Those who are interested in music, can go to the music festival at the 'Alte Garten' around the Schweriner Schloss at the end of June. Halfway through June you can enjoy the vibrant Müritzfest in Waren with lots of music, fireworks and stunt shows.

Combine a boating holiday with a bicycle or canoe tour. Discover the historical villages, castles and ruins by bike. Aren't you fed up yet with the water and do you want to discover the smaller lakes and rivulets?

Hire a canoe to continue exploring even the smallest waterways in this area.

Plau am See

In this city the nineteenth century blooming period is recognizable in the historical heart of the city. Plau am See is directly located on the western bank of the Plauer-see and the Müritz-Elde waterway. The slightly hilly landscape around Plau am See characterizes itself by colorful meadows and fields, peaceful forests and big lakes. The inner city invites you to wander around the picturesque centre.

“In addition to nature lovers, culture and history enthusiasts can also indulge themselves in Mecklenburg-Vorpommern.”

Schwerin

Meet the capital of Mecklenburg-Vorpommern, Schwerin. Surrounded by lakes, this city is probably one of the most chic places of this region. In the middle you will find the

fairytale-like and impressive castle Schwerin, which you can visit as well. Catch a glimpse of the golden towers, which regularly reflect in the water. Schwerin offers a cozy centre with exclusive shops, stylish cafés and charming restaurants.

Waren

Only a short distance from Röbel, you find the city Waren with a marina in the middle of the centre which can easily and quickly be reached by boat. The centre consists of dozens of colorful streets. On the Market Square you can eat at one of the many restaurants and cafés.

Nationaal Park de Müritz

A pristine nature park with diverse flora and fauna where you can enjoy a trip by foot or by bike. Bird watchers can indulge themselves and with some luck, you can spot the sea eagle and crane bird. Besides birds, also raccoons, beavers and otters live in this nature park. The 200 year old birch trees were declared as world heritage in 2011.

Discover the lakes from Mecklenburg-Vorpommern

Boating Holiday in 'the blue paradise'

Mecklenburg-Vorpommern is one of the most loved watersports regions in Germany. Partly because a large part of the area can be discovered by boat without the need of having a boating license. On the map underneath, two routes have been elaborated. On our website, you will find a map with multiple activities, sightseeings and nice villages and cities to pass by during your boating tour. Besides, multiple elaborated routes for a weekend, midweek, week or a longer period can be found on our website.

Boating without a boating license

Did you rent a boat but you don't own a boating license? That is no problem!

Unique for Germany is that in this region, the biggest part of the waterways can be discovered without a boating license. That's why you can go in almost any direction by boat in this area, while the license free area is from Röbel til Schwerin, Dömitz, Rheinsberg, Neustrelitz and Niederfinow. Whether you want to take a short or long boating holiday, there is

plenty to see and discovery and the possibilities are endless. The region is accessible by boat by the many water locks, which connects all the canals, rivers and lakes.

In case you do not own a boating license, it is obligatory to book the Charter Schein before departure. The Chart Schein class is held before departure on board of the chartered boat.

The course provides you with all needed information to make sure you are well prepared and you can enjoy your trip in a relaxed manner.

Route Röbel – Plau am See

Looking for a route for a short trip? Then the route from Röbel over Waren and Malchow to Plau am See might be ideal. Moor in Waren directly in the centre to have dinner with a view over the Müritz lake.

Also a visit to Malchow is definitely worth it. The cozy centre is located on an island in the middle of the Malchower Sea. The marina is located directly beside the special 'drawbridge'.

Route Röbel – Schwerin

For a longer boating trip you can drive by boat to Schwerin, the capital of Mecklenburg-Vorpommern. You can reach Schwerin via Waren and Malchow to Plau am See, the city which received its city privileges in 1235 and is characterized by the brick homes of farmers.

In this city not only the drawbridge is worth paying a visit, but also the castle towers, the protestant city church, the town hall in Dutch Renaissance style and the watch-tower near the transition of the Müritz-Elde waterway to the Plauer See. On your way to Schwerin, you can discover many charming places, like Lübz, Parchim, where the Elde divides the city into different parts and islands, Garwitz and Muess.

Other routes

The watersports region Mecklenburg-Vorpommern offers many possibilities.

For both a short and long boating trip there is plenty to discover.

Despite the water locks and bridges in this area, it is being seen as one of the most accessible water sports areas of Germany. Mecklenburg-Vorpommern is for this reason also known as the 'Friesland' of Germany.

Especially the hospitality, the many mooring places, the possibility to drive a boat without a boating license and the many possibilities to see and discover ensure a watersporter feels at home.

Red route = Route from Röbel to Plau am See via Waren, **Blue route** = Route from Röbel via Waren to Schwerin.

Scan the QR code for more routes.

sailing

Commercial vessels

Besides recreational boating, the large canals are also used by commercial shipping. To ensure safety on board, there are several traffic rules to take into account. Always sail on the right side of the channel. When passing a bridge, line up with the other boats and keep an eye on the speed indicator. It is important to avoid the blind

spot of other ships, and not to cross the canal when a cargo boat is approaching. When passing moored boats, adapt your speed. Moored boats may be hindered by the stern waves caused by you sailing by.

And finally, do not just look ahead, also regularly check what happens behind you on the canal: boats may be approaching from behind.

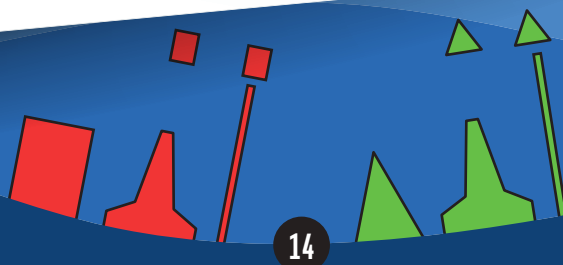

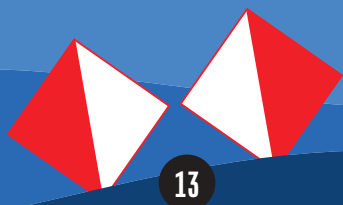

Rule of thumb for blind spots

When you can see the other boat's cabin, its skipper can see you too.

Important sailing rules

- ⚠ Make sure you are well prepared for your trip, use recent water maps and check the weather forecast
- ⚠ Make sure there is good visibility
- ⚠ Bigger ships, passenger ships and ferries have priority over smaller ships (smaller than 20 metres)
- ⚠ Commercial vessels always have priority
- ⚠ Give way to the right
- ⚠ Sailing boats (with hoisted sails) have priority over motor boats
- ⚠ Keep right on canals
- ⚠ Switch on the appropriate lights when necessary

Extra's

Make your stay on board comfortable with our extra services.
More information regarding the extra options can be found on our website.

Bikes on board

Did you know that it is possible at Yacht-Charter De Drait to take bikes with you on board? Almost all our motor yachts and houseboats have the capacity to take the bikes with you. No worries if it is not possible to take your own bike(s).

We offer the possibility to rent bikes in Drachten, Woudsend and Brandenburg. Taking bikes with you offers many possibilities. For example you can use the bike to pick up freshly baked bread or other groceries. Getting some fresh air on the bike after a sailing trip? In all sailing areas you can cycle fixed routes from different mooring places.

Pet on board

Of course you can take your dog or other pets with you during your boating holiday. At Yachtcharter De Drait, dogs are always welcome on board (ask for the requirements).

Your loyal four-legged friend is part of your family, obviously. Moreover, in most cases dogs like being on the water. Relaxing on the deck or jumping in the water to take a swim, everything is possible.

Fishing license

Cast a fishing rod and unwind? With a fishing week license from Friesland it is possible to go fishing in almost every part of the province. Ask about the possibilities to go fishing with a fishing permit in Germany.

Skipper training

Do you want to rent a boat, but do you only have little or no experience sailing a boat? No problem, in any case you will receive complete instructions. Besides, we love to help you with, for example, choosing the ideal route to sail without a boating license. Moreover, we also offer skipper training which only takes 1 hour. During this training, you will learn the basic skills to drive a boat. As a result, you can enjoy your boating holiday without stress.

This is also a nice gift-idea. Visit our website for more information or get in touch with us.

Towels, kitchen towels and bedlinen

For each location it is different what is on board regarding towels and bed linen and what you need to take with you. You don't feel like taking all of this with you? No problem, you can easily book these as extras with your booking.

Life jacket

To get out on the water safely, that is what we think is important. That is also why we rent out life jackets for children and adults. Life jackets are obligatory during a boating tour on the Zone-2 waterways, like the IJsselmeer and the Waddenzee. In Brandenburg and Röbel life jackets are standard on board.

Dinghy

Would you like to discover even the smallest Frisian waterways which can't be reached with the motoryachts?

With one of our dinghies with outboard engines even the smallest canals can be visited without any problem. Besides, the dinghies are easy to pull along with the chartered motor yacht.

Canoes and SUP-boards

We also rent canoes and SUP-boards in order to quietly enjoy nature or to make a sporty canoe or SUP-trip. Easy to take with you on board of our boats. There are different types of canoes with a capacity for 1 or even 3 persons. On request available in Friesland.

Parking

Do you want to park your car at our marina? That is possible. At each charter location there is an outdoor parking lot available.

Scan the QR code for the extra's.

Indoor parking

Do you prefer to park your car in a locked indoor hall. That is possible in Drachten and Woudsend only.

Charter package

Do you want to sail over the Waddenzee and/or the IJsselmeer? This is possible with our charter package for the Zone-2 waterways. The package consists of hydrographic maps, bearing compass, emergency signal, tide atlas and binoculars. This is only available for the experienced skipper and after we gave our permission.

The Drait Yachtbuilding

Quality yachts from a passion for watersport.

For over 30 years De Drait has been building quality yachts on their own shipyard in Drachten. From our passion for watersport, de Drait has created an experience for years in building and designing our own range of Drait Yachts. These yachts are characterized by a high quality finish and high technical quality. Besides our fixed offer of the well known boat types, among which the Advantage, Deluxe and the Drachtster Sloep, De Drait also offers the possibility to create high quality custom built motor yachts.

We are more than happy to help you realize your boat dream.

Drachtster Sloep

Drachtster Sloep Cabin

New
